PROFESSIONAL SUMMARY

MERN Stack Developer with years of hands-on experience in building full-stack web applications using MongoDB, Express.js, React.js, and Node.js. Skilled in developing REST APIs, handling databases, and creating responsive user interfaces. Passionate about learning new technologies and building practical, real-world solutions.

SKILLS

Front-End:	HTML/CSS, JavaScript/Typescript, React.js, Next.js, Tailwind CSS, Redux
Back-End:	Node.js, Express.js, Python
Databases:	MongoDB, MySql, PostgreSQL, Firebase
Others:	RESTful APIs, WebSockets, GitHub, Docker

EXPERIENCE

Full Stack Developer (April 2026 – Present)
Solexes (pvt) Ltd. *Remote, PK*

- Contributed to **DocuTect AI** App development and delivered full stack business applications. Performed testing on various projects and provided ongoing technical support, including debugging, updates, and system maintenance.

MERN Stack Developer – Internship (June 2025 – August 2025)
SiberKoza International (NASTP) *Rawalpindi, PK*

- Contributed to an AI-based startup by providing full MERN stack development support.
- Developed full Frontend in React, integrate APIs, added attractive animations and also done authentication in JWT.
- Assisted in the development and improvement of other web applications in MERN.

Front-End Developer – Internship (March 2025 – April 2025)
Intern Intelligence *Remote, PK*

- Provided the Frontend Support to the Company by developing different Projects in React.js. I developed and maintained responsive user interfaces and frontend components for web applications.

Computer Teacher (Sep 2022 – Mar 2026)
Minhaj Model School **&** Islamabad College of Education *Islamabad, Pk*

- I have been working as a **Computer Science** and Mathematics Teacher. I taught Matric-level students and provide them practical knowledge of **HTML** and **C programming**.

PROJECTS

Chat App:

- Built a real-time chat app using the MERN stack with JWT authentication and Socket.io for instant messaging. Added the functionality of request-based Friends and group chat. DEMO

Skill Exchange Platform:

- Developed a web-based platform enabling users to exchange skills or services through AI-powered matching. The platform supports both barter-based skill exchange and optional monetary transactions. DEMO

EDUCATION

Bachelor of Software Engineer, (CGPA 3.62)
National University of Modern Languages, Islamabad 2022- 2026

Certification

- **Front-End Developer** Professional Certificate by Meta on Coursera. Verify November, 2023
